RABBIT IN THE MOON

FEATURING CHIZU OMORI

Sunday, July 29th At 7pm

Lynnewood United Methodist Church Fellowship Hall

Like many Japanese Americans released from WWII internment camps, the young Omori sisters did their best to erase the memories and scars of life under confinement. Fifty years later, acclaimed filmmaker Emiko Omori asks her older sister Chizu, and other detainees to reflect on the personal and political consequences of internment. From the exuberant recollections of a typical teenager, to the simmering rage of citizens forced to sign loyalty oaths, Omori renders a poetic and illuminating picture of a deeply troubling chapter in American history.

Join us for the film and conversation with internment survivor Chizu Omori.
